

Humanities & Cognitive Sciences High School Summer Institute

August 1-5, 2022 | 9 A.M. - 3 P.M. | Ohio State Campus, Columbus OH

The Center for Cognitive and Brain Sciences is excited to announce the 9th Annual Humanities and Cognitive Sciences High School Summer Institute!

This week-long day camp provides an exciting and unique critical thinking environment for a diverse group of students. At HumCog, high school students are presented the opportunity to explore fascinating concepts which unite the humanities and cognitive sciences.

Cognitive Sciences: the scientific study of minds and brains, be they real, artificial, human or animal

Humanities: studies in philosophy, literature, arts, & languages intended to provide general knowledge about all that we do and create as humans

At HumCog, you will,

- » Develop interests in neuroscience, cognitive science & basic research.
- » Attend lectures from renowned researchers and industry leaders.
- » Engage in hands-on activities in scientific labs and humanities workshops.
- » Acquire knowledge of how our thoughts and emotions work in everyday activities.
- » Learn how issues in the cognitive sciences and humanities relate to society today.
- » Engage with current graduate students, undergraduate students & faculty.
- » Explore the Ohio State campus.
