

# CAREERS OUTSIDE OF ACADEMIA

10:30 AM - 12 PM

**JULY 11**

*Psychology Bldg,  
Room 35*

CCBS invites the cognitive science community at OSU to attend *Careers Outside of Academia*, a professional panel discussion brought to you by the CCBS Undergraduate Summer Institute.

Hear from three guests who hold graduate degrees in cognitive science disciplines but work outside of academia, and learn about the paths they've taken to alternative careers.

## **NATHANIEL HAINES**

Data Scientist, Aivo Health  
Ph.D. Clinical Psychology,  
Ohio State University

## **MIKEY SALES**

Data Analyst, Wundermann Thompson  
Master's Cognitive Psychology,  
Ohio State University

## **LESLIE DRUMMOND**

Director of Research, NITE Testbed,  
Air Force Research Laboratory  
Ph.D. Cognitive Neuroscience,  
George Washington University

## **DISCUSSION**

Graduate students and postdocs can experience pressure to stay in academia, and they are sometimes unsure about what careers beyond academia look like. Our Center embraces all career paths, particularly the ones that can put PhD training to good use. Our goal with this event is to help people find their best paths. Come join us for this enlightening conversation!
